

# Saltash Community School

## Ski Austria 2027

- The annual ski trip is the school's longest running trip and has taken over 1200 students to some of Europe's best ski destinations over the last 20 years.
- With almost 18 months to pay for your child's amazing adventure, 30 hours of expert tuition over 6 days, all lift passes, ski kit and meals included, comprehensive insurance and evening entertainments as part of the deal, it represents exceptional value for money.
- Places go quickly as our community knows that this is the chance of a lifetime and we often have return trip members, showing what an excellent opportunity this is.
- If you are interested, please e-mail Mr Feldwick at [mfeldwick@saltashcloud.net](mailto:mfeldwick@saltashcloud.net) ASAP as the trip usually books out in less than 2 weeks.
